WG4: Networking the networks

Date: 1 June, 14:00-15:30 CET

Objective: To bring together European Digital Innovation Hubs (EDIHs) with the European Enterprise Network (EEN), Clusters, Startup Europe, National Cybersecurity Competence Centres (NCCC) and the European Innovation Council (EIC) to develop a seamless process to support European SMEs and Public Sector Organisations in their digitalisation pathway.

Target audience: This meeting will be the occasion to share best practices with all EDIHs as well as associated networks. It will give the opportunity to all participants to contribute and refine the work on the cooperation guidelines, which was already launched during the first two Joint Coordination Meetings (held on 07/02/2023 and 31/03/2023). This work will be further developed during the interim drafting session to be held on 31 May 2023 during the Summit.

Proposed workshop agenda

Time	Description	Presenter
	Moderator: • Gaspard Demur, Deputy HoU CNECT A4	EC
14:00 – 14:10	**Introduction** • Mariella Masselink, HoU GROW D2	EC
